## Fishing Safety

- ◆ Care for your own safety and never take undue risks when fishing: even when fighting fish or trying to retrieve tackle. Never enter the water to retrieve lost tackle or snagged fish. If the location looks dangerous, don't fish there.
- ◆ Wear a lifejacket or buoyancy vest: when boat fishing or when fishing in hazardous locations such as rock platforms or those located near areas of fast moving water always wear a lifejacket. It may also be appropriate to wear non-slip shoes.
- ◆ If someone falls into the water: do not jump in after them instead look for an angel ring, life buoy or something that floats and throw it to the person in the water. Alert emergency services by dialling 112 from a mobile phone or 000 from a landline.
- ◆ Observe first, fish later: always check weather and water conditions before you start fishing.
- ◆ Inform others of your fishing plans: always let friends or family know where you are going and when you will be back.

## The Wilsons River

Lismore offers a number of spots to go fishing, with a variety of boat ramps, jetties and wharves providing easy access along the manicured riverbanks. The river has a variety of Bass, Perch, Bream, Flathead, Carp, Catfish and Cod.

\* The Eastern Freshwater Cod (image below) is a protected species and must be returned to the water immediately if caught. Report sightings on the NSW Department of Primary Industries website. [www.dpi.nsw.gov.au/fisheries](http://www.dpi.nsw.gov.au/fisheries)
