City Council

Welcome

Cr Steve Krieg

Mayor of Lismore

It is my great pleasure to welcome local, regional and interstate visitors to our city for the 13th Lismore Workers Masters Games! This year we are welcoming over 1,200 participations playing eight (8) different sports over three (3) days.

The Lismore Workers Masters Games is one of the biggest events on our sporting calendar and creates an enormous buzz in our city. Lismore is the sporting centre of the Far North Coast. We have high quality sporting facilities and offer visitors interesting cafe, shopping and cultural experiences.

Regular Masters Games attendees will know the Games encourage active lifestyles, community participation and build lifelong friendships. I am sure new attendees of the Games will love the camaraderie that makes this such a successful and enduring event.

The Masters Games would not be possible without the dedication and commitment of our sports Convenors and huge team of volunteers. Thank you for the time and effort you put into this event.

Whatever the final score lines, may you play in the spirit of the game with great sportsmanship and leave Lismore having made new friendships and with sporting memories to last a lifetime.

Late Registration

Late or additional competition registration cannot and will not be accepted at the Registration Centre.

Age Policy

The committee advises that no negotiation will take place in regards to age qualifications. All competitors must have reached the minimum age for competition as indicated for each sport by 31 December 2025. Furthermore, participants accept that they may be required to provide proof of age. In the instance of team sports, the team organiser is responsible for not allowing under aged competitors on to the field or court of play. If found in breach of this rule, disqualification may be enforced by the Games Organiser.

Games staff have become aware of the fact that a small number of participants were not eligible to compete, but did so, upon completing their entry forms under false birth dates.

Replacement Players

- Registration staff will not handle any payments. All financial arrangements must be made directly between the players involved.
- Replacements, in the context of team sports, apply only to the specific team that is already entered in the draw. That is, you cannot replace someone in one team and then play for a different team. The purpose of replacements is to ensure teams that are already registered and are not left short of players.
- The replacement player must complete a “Replacement Players” form, stating the sport, the person they are replacing, and the reason for the replacement. The registration list will be updated to note the replacement (in case the original player was unaware and still intends to compete).
- Once a player has registered and taken the field, they cannot be replaced if they are injured or later choose not to play.
- Once a player has registered and then takes the field, if they then get injured, they cannot be replaced, or they register and then decide they don’t want to play they cannot be replaced.
